Comparative Statements of Appropriations & Expenditures-Estimated & Actual Revenues: (Exhibits C & D)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1947, are presented in Exhibits C and D. As indicated by the budget summary (Exhibit D), a net overdraft of appropriations of \$3,194.15, plus a net revenue deficit of \$198.35, resulted in a net budget deficit of \$3,392.50.

Summary of Receipts and Expenditures: (Exhibit E)

A summary of receipts and expenditures for the

fiscal year ended December 31, 1947, made up in accordance with the uniform classification of accounts, is included in Exhibit E. Proof of the Treasurer's balance as of December 31, 1947 and May 12, 1948, is indicated in Exhibits F and M, respectively.

Statistical Tables:

The third section of the report is comprised of statistical tables covering the ten year period from 1938 to 1947. These are as follows:

- I - Comparative Balance Sheets
- II - Comparative Statement of Indebtedness, Valuation and Taxes
- III - Comparative Statement of Taxable Valuation and Taxes Assessed

Audit Procedure

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible, totals of receipts and expenditures verified and classification of accounts noted.

GENERAL COMMENTS

Capital Reserve Fund:

The Capital Reserve Fund, established for the purpose of acquiring snow removal equipment, as of December 31, 1947 amounted to \$6,000.00 which is invested in certificates of deposit of the Wolfeboro National Bank. This fund should be turned over to the Trustees of Trust Funds and held in their custody as provided by Chapter 160, Section 8 of the Laws of 1943, as amended by Chapter 91, Section 8-b of the Laws of 1947.

It is also suggested that after the fund is transferred to the Trustees of Trust Funds it be re-invested by them by deposit in a savings bank in order that interest may accrue thereon.

Added Taxes:

Added taxes which are committed to the Collector subsequent to the original warrant should be listed on a page or pages in the back part of the warrant book following the regular tax list. Such pages should be signed by the Selectmen thus authorizing the collection of added taxes listed thereon.

National Bank Stock Taxes:

National Bank Stock Taxes should be included in the Warrant as committed to the Collector.

“Taxes Collected” and “Redemptions from Tax Sales”:

When making remittances to the Treasurer the Collector should make out two entirely separate reports, - one for “Taxes Collected” and the other for “Redemptions from Tax Sales”. The report of “Redemptions from Tax Sales” should include in detail the name of each taxpayer making a redemption, year of tax levy, amount of sale, interest and costs after sale and total amount of redemption.

It is also essential that the Town Treasurer in recording remittances from the Collector in his cash book enter separately “Property Taxes”, “Poll Taxes” and “Interest”, segregating these items by year of tax levy. Likewise each redemption from tax sales should be entered separately, with the name of taxpayer, year of levy, sale price and interest after sale indicated.

Bank Service Charges:

Bank service charges should be entered as expenditures in the accounts of the Selectmen and Treasurer.

Outstanding Checks:

There are a few checks which have been outstand-

ing for several years. Payment on these should be stopped and an adjusting receipts entry made by the Treasurer in his Cash Book.

Unredeemed Taxes:

As of the date of audit, May 12, 1948, there were unredeemed taxes amounting in all to \$3,404.18, as indicated by Exhibit O. These were from tax sales on account of the levies of 1934 to 1947, inclusive. It is recommended that the Selectmen and Tax Collector carefully go over these accounts and that deeds be passed to the Town by the Collector in cases where such deeds are due. If there is any case where for some particular reason it may be inadvisable to take a deed and it is reasonably certain that no redemption will be made the unredeemed tax should be abated.

Conclusion:

The accounts of all town officials which we examined were found in good condition and the accounting procedure, with exceptions as herein noted, conformed to the uniform methods prescribed by this Division.

The provisions of Section 31, Chapter 211, of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual town report. This letter of transmittal should be included in its entirety but the inclusion of Exhibits is optional.

We extend our thanks to the officials of the Town of Ossipee for their assistance during the course of the audit.

Yours very truly,

• **Certificate of Audit**

This is to certify that we have audited the accounts and records of the Town of Ossipee for the fiscal year ended December 31, 1947 and the period from January 1 to May 12, 1948 and, subject to exceptions as noted in the report, found them to be in good order. In our opinion the Exhibits included herewith reflect the true financial condition of the town, together with the results of operations for the fiscal year ended December 31, 1947.

Respectfully submitted,
HAROLD G. FOWLER

REPORT OF THE FOREST FIRE WARDEN

Your local organization to prevent and extinguish brush and woods fires is glad to report a good year of forest protection in 1948. In spite of danger conditions nearly equalling at times those of 1947 when great losses were suffered in New Hampshire and New England, fire damage and loss this year have been gratifyingly low.

With the continuing cooperation of all the people, we can hope to have another successful year in 1949. Let us remember that in any year, over 90% of all fires are caused by carelessness and that all of these man-caused fires are preventable.

Today, we have more slash and uncut grassland than for many years in the past. Smokers, campers and tourists who use our outdoors are also more numerous than ever before. We must therefore be ready for fires which might occur but, above all, prevention by everyone is the greatest need.

A few simple precautions taken by every citizen will help, as follows:

- (1) Always get a written permit from the warden before kindling a fire outdoors when the ground is not covered with snow.
- (2) If you smoke, always extinguish matches and tobacco before dropping or throwing them down. In automobiles, always use the ash trays.
- (3) Report fires and smokes to the warden without delay.

The observance of these and other simple rules will go far to insure safety from fire damage and your cooperation in this way is earnestly solicited.

Town of Ossipee		345 25
Justice & Special Justice		554 86
Small Claims & Miscellaneous		352 87

In 1948, a total of 259 cases were heard. There were 101 Motor Vehicle cases, 28 Fish and Game, 37 Small Claim and 83 Miscellaneous cases of drunks, morals, neglect of children, assault, and larceny, and 10 Juvenile cases.

After thirty three years and nine months of service as Special Justice of this Court, Charles E.

Smart has resigned, due to the pressure of other public duties.

At the time of his resignation, in view point of service he was the oldest Special Justice in the State. For one third of a century he acted with understanding, sympathy and firmness on the cases brought before him. It is most fitting that at this time we formally recognize the services of this able gentleman.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Ossipee:

The problem of providing necessary adequate facilities for the education of increasing numbers of children presses close upon us. Census returns of the current year indicate that the totals shown in the population table reported in my last annual report will be exceeded.

The last annual district meeting authorized the moderator to appoint a committee of three to work with the school board and school boards of other districts to study the feasibility of organization and operation of a cooperative high school. The committee appointed consists of Mr. Robert Sawyer, Mr. Virgil White, and Dr. Francis Dube. These committees are at work on these studies but at the date of this report are not sufficiently advanced to give a comprehensive report. Such a cooperative high school as is proposed would approximate 300 pupils and 12 teachers with the cost of construction and operation apportioned among the several districts. This would remove the six upper grades from the Center Ossipee school and thus make available sufficient space to provide for the elementary pupils. Reports of progress of the committee will be published from time to time in the local newspaper, until a complete report can be made to the district.

Teachers in the Ossipee Schools during 1947 - 1948 were as follows: High School: — Headmaster Philip C. Putnam, Science and math; Miss Enes Bazzocchi, English and social sciences; Mr. John Papandrew (succeeded by Mr. Paul O'Neil) social sciences and physical education.

Elementary schools: Mrs. Edna Kennard, grades 7 & 8; Mrs. Mabelle Stevens, grades 5 & 6; Mrs. Leda

Knapp, grades 3 & 4; Mrs. Lillian Godfrey, grade 2; Mrs. Alice Loud, grade 1; Miss Jessiell Boothby, Ossipee Corner.

At the beginning of the current year Mr. O'Neil was succeeded by Mr. Van S. Evangelou of Newport, N. H. a recent graduate of the University of New Hampshire. Added to the high school staff is Miss Helen Timson of Holliston, Mass. A graduate of the University of Massachusetts, Miss Timson teaches English, general science and directs the girls' physical education.

Following the close of school in June the high school room on the first floor was divided by a partition to provide two class rooms. Mr. Putnam moved his office equipment into the hall to permit the headmaster's office to be used as a class room. With the laboratory, these provide four high school class rooms, three of which are used as home rooms.

Through the fine initiative of the Ossipee Parent-Teachers Association and the splendid cooperation of its members, other organizations, and the trustees of the Community Building hot lunches were served for a six-week period. An average of 105 meals per day were served. Each lunch provided a complete balanced meal and included $\frac{1}{2}$ pint of milk. Lunches were transported to Ossipee Corner School each day by P. T. A. members.

During the current year Type A hot lunches will be served up to about April 1. The number of meals served to date average about 140. Federal reimbursement of .09 per meal per day helps to defray the cost as do several shipments of surplus foods. 2800 lbs. of potatoes were received in one shipment. An electric refrigerator, an electric stove, and a hot water tank have been installed to facilitate operations. This

hot lunch program, sponsored by the P. T. A., is a very valuable service to our growing boys and girls.

At the close of his third annual report your superintendent feels that considerable progress has been made in the Ossipee schools. This has been possible only because of the fine cooperative spirit that has been given practical expression by the members of the School Board, teachers, parents, citizens and pupils.

Respectfully submitted

EVERETT H. BRASIER

Superintendent of Schools.
